

WARNING

LEAF VACUUM

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced or rendered inoperable, **DO NOT USE THIS EQUIPMENT!!!**

WARNING! This product contains or produces one or more chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

Use extreme caution whenever operating, moving, loading or unloading this equipment. During and after operation the Muffler and other components are Extremely Hot and will cause Serious Burns.

Never operate power equipment of any kind if you are tired or if you are under the influence of alcohol, drugs, medication or any substance that could affect your ability or judgment. Be alert! If you get tired while operating this equipment, take a break. Tiredness may result in loss of control.

Provide adequate ventilation when operating this equipment. Internal combustion engines consume oxygen and give off deadly carbon monoxide gas.

Always operate this equipment from the designated operators position. Wear Safety Glasses, Hearing and Dust Protection.

IMPORTANT SAFETY RULES TO FOLLOW

1. Do not refuel while engine is hot or running.
2. Do not start the engine or operate with bag or guards removed.
3. Keep hands and feet clear of inlet and discharge openings.
4. Do not operate if the bag is removed.
5. Inspect machine and work area before starting the vacuum.
6. Be sure the zipper is closed on the bag before starting the engine.
7. Do not use this leaf vacuum to vacuum liquids or hazardous materials. It is only intended for small debris in yards.

The person receiving this handout will not be the user of the equipment, forward these instructions to the operator. If there is any doubt as to the operation or safety of the equipment,

DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!!

FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH
