

### **WARNING 30' TOWABLE LIGHT TOWER**

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced or rendered inoperable, **DO NOT USE THIS EQUIPMENT!!!**

**REQUIRES NUMBER 2 DIESEL FUEL ONLY!!**

**WARNING!! Never start or shut down this unit with any of the light switches or breakers in the on position. It will damage the generator. This damage is not covered by the Equipment Protection Plan.**

#### **WARNING!**

This product contains or produces one or more chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

Use extreme caution whenever operating, moving, loading or unloading this equipment. During and after operation the Muffler and other components are Extremely Hot and will cause Serious Burns.

Provide adequate ventilation when operating this equipment. Internal combustion engines consume oxygen and give off deadly carbon monoxide gas.

**DANGER: This equipment has multiple pinch points that can cause dismemberment or death. Keep hands, feet and all other body parts clear at all times.**

#### **IMPORTANT SAFETY RULES TO FOLLOW**

1. This equipment utilizes high voltage circuits capable of causing serious injury or death.
2. Keep hands and clothing away from any rotating or moving parts. Never attempt to make adjustments while the unit is in operation.
3. Always ground the unit.
4. Beware of pinch points when erecting or stowing the boom assembly. A loss of fingers or limbs may result from unsafe practices.
5. The light fixtures become very hot during operation. To avoid any burns, **always** allow fixtures to cool before handling.
6. When raising the boom, be sure to note that the boom wiring does not become entangled.
7. Note that the automatic brake should be working on the winch. The winch should not allow the boom to drop down when the handle is released.
8. Under no circumstances should the tower be repositioned when the boom is in a vertical position.
9. Warning!! Never start or shut down this unit with any of the light switches or breakers in the on position. It will damage the generator. This damage is not covered by the Equipment Protection Plan.
10. Never preheat the engine for more than 30 seconds.
11. Never shut the unit down while under a load. The generator will be damaged and that will void the Equipment Protection Plan.
12. The recommended highway speed is 45mph. Severe damage may occur from improper use or from excessive speeds.

#### **REFUELING & MAINTENANCE**

**Warning:** The Customer is responsible for all damages resulting from lack of fuel or lubrication. Check the motor oil, coolant and hydraulic oil every time you refuel the equipment.

**REFUELING:** Stop the engine and shut off electrical equipment while filling the fuel tank. Use extra caution when fueling a hot engine. Always ground the fuel nozzle against the filler neck to avoid sparks. NEVER SMOKE while handling fuels.

**COOLING SYSTEM:** Keep the radiator free of debris. If at any time the motor overheats, shut it off and call us immediately.

**Danger:** *Never remove the radiator cap on a hot engine the liquid is under pressure, extremely hot and will cause serious burns.* Liquid cooling systems build up pressure as the engine gets hot. Before removing the radiator cap, stop the engine and let the system cool. Remove the radiator cap only after the system is cold. For cooling systems with an overflow tank, the coolant can usually be checked at the tank without removal of the radiator cap.

If the person receiving this handout will not be the user of the equipment, forward these instructions to the operator. If there is any doubt as to the operation or safety of the equipment,

**DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!!**

**FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH**
